What is a Healing Circle?

Healing Circles have been part of our legacy as Black folx for a very long time. In Healing Circles, we come together to thrive as whole beings. We experience a sense of belonging, share our mutual commitments, and recognize and value one another's needs. In Healing Circles, we recollect and reclaim cultural memories, spiritual practices and communal histories, which are fundamental to our sense of self and our collective healing. We share joy, beauty, and love.
